The Governor Sustained. Felix T. McWhirter, of this city, president of the state Prohibition committee, neld a conference with Governor Mount yesterday, in which they both went over the record of the meeting with the Elwood committee in order to prove that Governor Mount had not insulted the committee, as ne was accredited with doing by Quincy Lee Morrow, of Baltimore, in one of his hibition speeches made in this city. Mr. McWhirter expressed himself as satisfied that the Governor had not insulted the committee and said that the attacks on the Governor were "unwise and unfortunate."

## WILL BE BIG GATHERING

THE REPUBLICAN LOVE FEAST WILL BE LARGELY ATTENDED.

Republican Delegation in Congress to Attend-Committee at Work-Political Gossip.

From the many letters received by the Republican State committee every day it is expected that the love feast which is to be held in this city next Wednesday, Dec. 27, will be better attended by Republicans from all parts of the State than any similar affair ever held. From the tone of the correspondence the Republicans everywhere are hopeful and ready for the coming campaign, and the party leaders feel assured that more interest will be taken in the organization of the party than is usual. The reports indicate that some of the counties have already selected some of their precinct committeemen and county THE chairmen, the Republicans in these districts being so active and energetic that they could not wait for the time fixed by the committee.

The committee on arrangements, which has charge of the meeting, is leaving nothing undone to make this one of the most pleasant love feasts that has ever been held in the State, and are trying to procure from the railroad companies reduced rates on the railroads for those who desire to attend the meeting, and they hope to have the arrangements perfected in a day

During the last few days a large number of prominent Republicans from all parts of the State have visited the State headquarters, and each one furnishes a flattering report of the condition of the Republican party in his particular locality.

All of the visitors consider it a matter for congratulation that the Republicans of Indianapolis and Marion county have settled their little differences and are now working harmoniously. Chairman Hernly s happy over the outlook, and says that the tendency throughout the State and different congressional districts is to harmonize all differences and to stand united, and that he is working very hard to bring about an harmonious organization of the

Castle this afternoon and spend Christmas at home, where he expects to "have a genuine old-fashioned Christmas tree and help make the children happy." He will return next Tuesday. All the members of the Indiana Repubican delegation in Congress intend to participate in the love feast. They half expect, t is said, to hear some expressions con-

cerning a Republican successor to Col. R.

#### Elkhart Politicians Here.

James S. Dodge, of Elkhart, former department commander of the Indiana G A. R. and at present a candidate for the Republican nomination for Governor, arrived at the Denison last night in company with Perry L. Turner, of Elkhart. He had little to say of his canvass, except that he was satisfied with the outlook With regard to Senator Hubbell's retirement from Indiana politics, Mr. Dodge said that it was generally understood in Elkhart county that Mr. Dausman, of Goshen, was a candidate for the State Senate from that district.

### A Call Is Sent In.

President Newton W. Gilbert and Secretary James W. Egnew sent out the formal call yesterday for the meeting of the Republican League of Clubs to be held in the Denison on the night of Tuesday, Dec. 6. This meeting will be held in advance of the Republican love feast in order to bring out a strong delegation of young Republican workers. The business of the meeting will be to arrange the programme for the Lincoln League meeting in Ander-

# CLOSE OF THE MEETING

THRESHING MACHINE MANUFACTUR-ERS MAY RAISE PRICES.

The Officers of the Association Elected-A Railroad Meeting-Another Gathering.

The threshermen closed their convention with a smoker in the Century Club rooms of the Denison last night. The business details of the meeting were not made public, but F. E. Kenaston said it threshing machinery to what would probably be about 10 per cent. above the present pany, Greensburg, Pa.; Keystone Tumbler pany, This move, he said, was made nec-Company, Ltd., Rochester, Pa.; McKee & price of raw material. He said it had been decided, however, not to throw the entire burden of the increase on the farmers, as while machine material had advanced about 20 per cent., there had been no corresponding increase in the price of the farmer's product.

The thresher manufacturers, therefore, in fixing their prices for next year's output decided to divide the increase with the farmers, and while adding something We want you to become acquainted to the price of the machines would cut with our Diamond Stock and then you off an equal amount from their own profit. Before the close of the meeting the following new officers were elected: F. E. Kenaston, of the Minneapolis Threshing Machine Company, president; H. E. Robinson, of Robinson & Co., Richmond, Ind., vice president; C. M. Greiner, of the Buffalo-Pitts Company, secretary and treas-

President Kenaston, in discussing the meeting, said that it had been more largey attended than any ever held by the association. He said the prospects were bright for an immense cereal harvest next year, and this, of course, made the prospects for the sale of threshing machines better than ever before. He said it had been decided by the different members that no cutting in prices would be indulged in, at least, during next year, as the present condition under which the products are manufactured will not warrant anything

# A Better Arrangement of the Rates on

Pig Iron.

The "pig iron committee" of the Central Freight Association met at the Bates yesterday with the avowed purpose of effectng a better arrangement of the rates on pig iron to points on the Ohio river and in southern Ohio and Pennsylvania. G. W. Davis, district freight agent of the Pennsylvania, who acted as chairman, said that the meeting had nothing to do with the raising or changing of rates, but was called simply to line up the rates where it was found they tended to discriminate against one city or town as in favor of

## STANDARD OIL AGENTS

Hold a Meeting at the Bates to Discuss Bookkeeping.

The local selling agents for the Standard Oil Company for the Indiana district, which comprises this State and parts of Ohio and Illinois, met yesterday in the Bates House at the call of Manager Joseph W. Frohmeyer, of this city. The meeting was a secret one, but Manager Fromeyer said last night that it could be stated positively that prices would not be advanced, as the only object of the meeting was to introduce a new system of uniform bookkeeping and a more even method of marketing the goods in all cities. Those present were: G. H. McCormick, A. Sunderland, J. M. Noel, F. R. C. Dudley, C. E. Wilson and L. Q. Gustin, of this city; E. D. Rodman, Terre Haute; John P. Marcus, Lafayette; S. A. Rose, Logansport; H. A. Douglass, Marion; O. P. Moore, Anderson; M. H. Gant, Greenfield; George C. Cole, Dayton, Ky., and George Thompson, Cincinnati.

A Confidential Circular Is Sent This City-Value of Plants and Their Income.

In a confidential circular sent out by H C. Fry, president of the National Glass Company, the trust which is being organized to control the tableware glass factories of the country, it is proposed to bond the tangible properties of the different plants to be taken into the trust for \$2,000,certain indebtedness incurred in connection with the purchase of a few of the properterial and manufactured goods which have not been included in the invoice of the different factories absorbed in the trust. The bonds are also expected to furnish a working capital of \$500,000, which will "enable the company to purchase its supplies

on a cash basis." The circular states that the trust will "control 87 per cent. of the pots of all the factories of the United States," by the absorption of the following firms: Beatty-Brady Glass Company, Dunkirk, Ind.; Canton Glass Company, Marion, Ind.; Central Glass Company, Summitville, Ind.; Indiana Tumbler and Goblet Company, Greentown, Ind.; Model Flint Glass Company, Albany, Ind.; Crystal Glass Company, Bridgeport, O.; Dalzell, Gilmore & Leighton Company, Findlay, O.; the Ohio Flint Glass Company, Lancaster, O.; Royal Glass Company, Marietta, O.; Robinson Glass Company, Zanesville, O.; West Virginia Glass Manufacturing Company, Martin's made public, but F. E. Kenaston said it | Ferry, O.; Cumberland Glass Company, had been decided to advance the price of | Cumberland, Md.; Fairmount glass works, Fairmount, W. Va.; Riverside glass works, Wellsburg, W. Va.; Greensburg Glass Comessary by the enormous advance in the Bros., Jeanette, Pa.; the Northwood Company, Indiana, Pa.; Rochester Tumbler Company, Rochester, Pa.

The properties of the above firms, according to the certificate of J. H. Reed, of Pittsburg, are valued at \$3,416,091.89, exclusive of the manufactured stocks and raw material on hand, amounting to \$603,500. The capital of the trust is \$4,000,000, and the gross business done by all the firms during 1898 was \$4,265,000, at a net profit of \$407,-238.28. The circular states that the chief reason for consolidating is that valuable patents and labor-saving machinery, now used by but few of the firms, will be installed into all the factories, and this, with a centralization of management, will swell the net earnings to \$800,000 a year, and, after allowing for the redemption of the proposed bonds at the rate of \$200,000 a year, with interest, there will be left neary \$500,000 a year to be distributed in divi-

# ARREST OF SALOONISTS

Probably Owing to Publicity Recently Given to Violations.

The publicity given the practice of saloon keepers of selling liquor on days and at hours prohibited by law, and to minors, has resulted in several arrests lately. Last night Albert Kline, No. 949 Virginia avenue, was arrested for selling whisky on Sunday. The complaint was made by Mrs. Emma Buttz, who alleges the liquor was sold to her husband.

James M. Jones, owner of the saloon at No. 1165 West Eighteenth street, where William Bowman, a bartender, was seriously injured, Tuesday night, by being struck over the head by Elvin Abbott, eighteen years of age, was arrested for selling liquor to minors and for violation of Section 4 of the Nicholson law. Archie Greathouse, in whose saloon, on Indiana avenue, William Harris shot Claude Sanders, colored, was also arrested for selling liquor to minors.
